

THE WINE LIST

*The **de Silveren Spiegel** wine list of 220 selections encompasses fine wine served in an historical Dutch Golden Age house near the heart of Amsterdam.*

Our sommeliers & wine waiters are pleased to offer advice as well as to fulfill your unique requests; explore some of the best wines the planet has to offer, including many great and hard-to-find bottles from around the world.

Housed in climate-controlled cellars, the wines in our collection have been kept under controlled temperatures and humidity since their release, and many come direct from the winery, estate or Château.

We proudly offer Quality selections Served in Fine Riedel Crystal. The finest glasses for both technical and hedonistic purposes are those made by Riedel. The effect of these glasses on fine wine is profound. I cannot emphasize strongly enough what a difference they make!

The variation of food is even greater than that of wine. There are hundreds of ways to make starters or main courses. And every dish has its own wine to harmonize and enhance its flavours.

It's essential to develop a personal taste for matching wine with food. There's nothing more special in the world of cuisine than one's "own Individual taste".

With this Wine List, I'm pleased to suggest some great wines which I urge be considered for augmenting your dining experience in our restaurant.

Enjoy!
